

Cheers Extra - Dec. 10, 2019

**Toscana's closed Tuesday evening due to water heater failure
Bar service to resume tomorrow**

Tuesday evening, Dec. 10, Toscana's Restaurant and Lounge were closed due to a lack of running water after an unexpected water heater failure. On Wednesday, Dec. 11, Toscana's lounge will reopen with full beverage service, but no food service. The lounge restrooms will be available as the lounge is on a separate water line from the restaurant.

Facilities is working on repairs, but cannot estimate whether repairs can be completed quickly or if it will take several days. Toscana's Restaurant will be reopened as soon as repairs are made and the community will be notified.

Thank you for your patience while this situation is rectified.
