

## **All PebbleCreek Food & Beverage outlets receive Grade A's from Health Department!**

Thursday, July 23, 2020

---

It is with great pride that the staff and management at Toscana's, Eagle's Nest Restaurant, Ed's Dogs, Chianti's/Catering Team share the news that they are truly Grade A! The Health Department conducts regular, unannounced visits to inspect all food and beverage operations under their supervision. After a recent visit to all of our food and beverage locations currently operating on property, staff is proud to report that A's were awarded in every category at all locations. The team was in full compliance for all COVID-19 regulations and all other previously in place codes as well. Kudos to Melissa Gonzales and her team for this outstanding result!
