

Coronavirus update – March 15, 2021; Plans for expanding usage of some amenities

Monday, March 15, 2021

Your HOA staff has received inquiries following the March 5, 2021, Executive Order from Governor Ducey that released capacity limits for specific business segments. The section of the order pertaining to capacity limits reads as follows:

3. Capacity limits for businesses, implemented and outlined by Executive Order 2020-47, Reducing the Risk, Slowing the Spread, ADHS Emergency Measure 2020-02, Slowing the Spread of COVID-19: Phased Reopening, the ADHS COVID-19 Guidance for Businesses and related requirement documents from ADHS, are rescinded. All remaining requirements implemented by ADHS for specific businesses remain in effect including but not limited to mask use and appropriate physical distancing between parties or groups.

With this information in mind, the HOA Board has met on what impact this new order has on PebbleCreek. Sharing their decisions with the General Manager earlier this week, HOA staff is now preparing for some upcoming increases in capacity and the reopening of some previously closed locations. We are prepared to share information about our pools and fitness centers, Creative Arts Center and Sunrise Park at this time. We are working on details for some additional announcements related to meeting rooms and libraries and will share those in the March 22 edition of *PebbleNews*. We want to be certain that we have all of the details and information, along with appropriate staff deployed and prepared before we release this information. Social distance and mask requirements will still be in effect for all

locations. We are very aware that some people are anxious for things to open further and we are taking steps to do what is safe and within guidelines.
