

Libraries are closed; please hold all books/puzzles

Wednesday, April 8, 2020

During the time that our Clubhouses remain closed, we ask that anyone who has borrowed a book/puzzle please hold these items until we reopen operations. At this time, a deep cleaning of the building, including a detailed sanitization of both libraries (that included a thorough wipe down of all books/puzzles in both libraries) has occurred. Introducing any items back into the libraries will disrupt what we know to be a sanitized environment. In addition, people have been bringing items to return, and upon finding the building closed simply leaving these items near the building entry doors, on benches, etc. Sometimes certain entries are not used at all, or over a weekend, not used for a few days, and these items are baking in the sun or could get wet in rain, etc., effectively ruining perfectly good books and puzzles. Please do not leave these items, rather keep them in your home. Even if you are leaving for the summer, return them upon coming back in the Fall/Winter.
