Cheers! We're so glad you're here! I'm sure you have heard the term "chuckwagon," but do you know where it originated from? The chuckwagon was created in the mid-1800s by a Texas rancher named Charles Goodnight. It was a mobile field kitchen on a covered wagon and was used for the transportation of perishable food and cooking equipment to feed cowboys driving cattle from Texas to sell in New Mexico. The food normally served from a chuckwagon were items like beans, salted meats, potatoes, stew, dried fruits, coffee cornbread and sourdough biscuits. Toscana's is holding a Chuckwagon Dinner on Monday, Jan. 21, to pay homage to those days on the trail--and you're invited! Read below all about this fun night of warm, hearty, comfort food and make sure to make your reservations today.
